High School Diploma

Kaunas, Lithuania

- Grade: 9.9 (/10)
- Member of the reinforced mathematics/informatics class
- Winner of various economics, science, IT, and French language competitions and olympiads

PROFESSIONAL EXPERIENCE

Independent Web3 Investment & Research

Jan. 2024 – Present

- Design and execute delta-neutral DeFi yield strategies, farm testnets, and airdrops across multiple wallets, and run network nodes to capture early-stage opportunities.
- Analyze tokenomics and incentive structures; share research in gated builder/investor communities on X and Discord.
- Deployed personal capital (~€5K), growing it to mid-five figures over two years of active management.

KTU gymnasium

Sept. 2021 – Jun. 2023

Software development student

Kaunas, Lithuania

- Completed an object-oriented programming course delivered by a Kaunas University of Technology lecturer.
- Explored programming topics, such as data structures, algorithms, and object-oriented programming, all in C#.

Baltic-American Freedom Foundation

Jul. 2022

Exchange participant

South Portland, Maine, USA

- Selected from 500+ candidates for a two-week leadership and entrepreneurship program.

KTU gymnasium

Sept. 2020 - Aug. 2021

Curator and tutor of the Economics Society

Kaunas, Lithuania

- Utilized my knowledge of micro- and macro-economics, business, banking, finance, and management to teach my peers and prepare them for the national olympiad.
- 10 of 12 students I tutored won awards at the national olympiad.

NOTABLE ACHIEVEMENTS

- Bronze medal in the International Economics Olympiad 2022
- 3x Gold medal in the Lithuanian Economics and Business Olympiad
- “Lithuanian Maximalists” scholarship in the field of innovation (2022)
